

FOOD & BEVERAGE

We know every second of production counts. In an era of driving efficiencies and reducing costs through innovation, like you, we're finding new ways to manage even leaner operations. Stratus' experience in effective project management will ensure your plant's construction, optimization and maintenance jobs minimize or eliminate downtime. From ground-up construction to LED upgrades, let's talk about improving your results — we're up for the challenge.

PROJECT PROFILE CANNING LINE UPGRADES

Scope: Connect and remove old canning line, install new conveyor and canning line

Location: Calgary, AB

Completion: 1,100 hours in 1 month

Highlight: To achieve the client's extremely tight time line, Stratus ran two shifts 24/7 - met all deadlines, zero safety incidents, and client testified quality and start-up was the smoothest they'd seen

PROJECT PROFILE NEW PACKAGING LINE INSTALLATION

Scope: Complete electrical installation of seven new packaging machines

Location: Calgary, AB

Completion: 3,500 hours in 14 days

Highlight: Despite a very tight schedule, and many moving parts, we completed the project under budget and on time - our crews were in operation 24/7 for the duration of the project

Get project updates you need, without the wait — from labour-costs-to-date, committed material, safety/quality reports, work tickets, etc. We use a paper-free, real-time reporting system that's linked to our accounting software (*no chance for pesky human errors*). You'll have unrestricted, 24/7 access and every report is setup the way YOU like it.

It's easy to work with us. Our people genuinely care about what they do, they're helpful, and happy at Stratus - ask them and it shows. We spend a lot of time and energy developing our team because they're the difference makers. They're responsible for each other's safety and the quality put forward. Plus, it's better working with people you like.

A headache-free project is based on a stellar plan and the ability to communicate it. Our PMs have the experience, training and proven systems to ensure a smooth project from pre-construction through to turnover.
