Get project updates you need, without the wait — from labour-costs-to-date, committed material, safety/quality reports, work tickets, etc. We use a paper-free, real-time reporting system that's linked to our accounting software (*no chance for pesky human errors*). You'll have unrestricted, 24/7 access and every report is setup the way YOU like it.

It's easy to work with us. Our people genuinely care about what they do, they're helpful, and happy at Stratus - ask them and it shows. We spend a lot of time and energy developing our team because they're the difference makers. They're responsible for each other's safety and the quality put forward. Plus, it's better working with people you like.

A headache-free project is based on a stellar plan and the ability to communicate it. Our PMs have the experience, training and proven systems to ensure a smooth project from pre-construction through to turnover.
