

# MODULAR & SKID FABRICATION

From MCC/control buildings to process modules/skids, we can manage the design, engineering, fabrication and installation of your project. Like you, we're finding new ways to build better buildings. Whether that's saving money through standardization or reaching new levels of production through customization (*or both!*). Stratus' experience in effective project management will help you create value for your stakeholders. Let's talk about improving your results — we're up for the challenge.

## PROJECT PROFILE MEDIUM VOLTAGE VFD BUILDINGS

Scope: Med. Voltage VFD Buildings for major North American pipeline. Full electrical scope, tray/conduit mounting, terminations, equipment mounting, med. voltage terminations, commissioning and QAQC

Location: Calgary, AB

Completion: 19,000 hours in 10 months

Highlight: Turned a first-time client/End User into long-term relationships because of stellar QAQC and execution

## PROJECT PROFILE MODULAR FABRICATION

Scope: Modular fabrication for Propane Dehydrogenation (PDH) facility and oxidation unit used in LPG extraction, gas sweetening and jet/kerosene sweetening

Location: Fort Saskatchewan, AB

Completion: 20,000 hours in 11 months

Highlight: We worked seamlessly with both the client and EPC/GC teams

## PROJECT PROFILE FAST TRACK SKID CONSTRUCTION

Scope: Fabrication of E&I skids destined for gas plant expansion

Location: Calgary, AB

Completion: 2,500 hours in 2 months

Highlight: Client required 2 large skids in 6 days. We assembled a team of 14 overnight, initiated 24/7 schedule and skids were delivered on time. Stratus was awarded additional buildings because of our performance

Get project updates you need, without the wait — from labour-costs-to-date, committed material, safety/quality reports, work tickets, etc. We use a paper-free, real-time reporting system that's linked to our accounting software (*no chance for pesky human errors*). You'll have unrestricted, 24/7 access and every report is setup the way YOU like it.

It's easy to work with us. Our people genuinely care about what they do, they're helpful, and happy at Stratus - ask them and it shows. We spend a lot of time and energy developing our team because they're the difference makers. They're responsible for each other's safety and the quality put forward. Plus, it's better working with people you like.

A headache-free project is based on a stellar plan and the ability to communicate it. Our PMs have the experience, training and proven systems to ensure a smooth project from pre-construction through to turnover.
