

POWER GENERATION

Reliable installation, optimization and extending the life of your power systems is a top priority. And like you, we're driven to create the safest working environment for our people and assets. Stratus' team is experienced with commissioning and maintenance planning, electrical equipment upgrades/retrofits, high voltage breakers, and field troubleshooting. Whether it's behind-the-fence, grid-connected, green energy or hydro, let's talk about improving your results — we're up for the challenge.

PROJECT PROFILE COGENERATION GREENHOUSE

Scope: State of the art greenhouse and 4MW power generation facility electrical installation of 5 generators, main switchgear, control wiring, MV transformers connections

Location: Coaldale, AB

Completion: 14,000 hours in 12 months

Highlight: Incomplete drawings at kickoff, worked with client to develop power and control design

PROJECT PROFILE MEDIUM VOLTAGE INSTALL

Scope: Medium voltage work

Location: Fort Saskatchewan, AB and Brooks, AB

Completion: 15,000 hours in 3 months

Highlight: Large amount of scope in a short period of time — we committed and executed with zero safety incidents and received a top performance recognition for quality

PROJECT PROFILE HYDRO UPGRADE PROJECTS

Scope: Variety of upgrading projects, including: switchgear, turbine re-hauls, gate stations, etc.

Location: Ghost Dam, Bearspaw Dam, Spray Lakes, Big Horn Dam and Barrier Dam

Completion: 7,500 hours in 4 months

Highlight: Working closely with client to ensure safety and environmental awareness

Get project updates you need, without the wait — from labour-costs-to-date, committed material, safety/quality reports, work tickets, etc. We use a paper-free, real-time reporting system that's linked to our accounting software (*no chance for pesky human errors*). You'll have unrestricted, 24/7 access and every report is setup the way YOU like it.

It's easy to work with us. Our people genuinely care about what they do, they're helpful, and happy at Stratus - ask them and it shows. We spend a lot of time and energy developing our team because they're the difference makers. They're responsible for each other's safety and the quality put forward. Plus, it's better working with people you like.

A headache-free project is based on a stellar plan and the ability to communicate it. Our PMs have the experience, training and proven systems to ensure a smooth project from pre-construction through to turnover.

STRATUS SNAPSHOT:

Value Range: \$0 - \$10+ M

Experienced with medium & high voltage

Subscribed with leading safety registries

COR Certified

CALGARY (Head Office)
